signs.

John A. Drake and all of the heavy speculalors bet on Wes in the fifth race yesterday.

Mr Drake said that he did not feel sure that Wes could run in the mud, but that as the Laverness gelding was in splendid condition he could not let him start unbacked. As it turned out, Wee, a big strider, could not extend himself in the going and when Bye defeated him the Sullivans and their Bowery. followers went wild with delight. Rye had been played by the Sullivans unsuccessfully several times before, but they went to him again for the whole bank roll, in spite of the plunge on Wes. The Sullivans must have had a royal day, as Big Tim's colt, Frank Lord also proved victorious in the second event Archie Zimmer, the trainer of Frank Lord, was so confident of success that he is said to have bet every dollar he had in the world on the colt. But it must have been a case of heart disease for Zimmer, as Frank Lord only won by an eyelash. While Frank Lord got the money, the smart fellows did not figure that he had a chance, for they passed him up and bet heavily on Perry Belmont's Donna Elvira, who was backed from 3 down to 13 to 5. But the latter did not like the track and finished in disgrace. Russell T, a gelding by Russell—Ethel T., who ran second at 60 to 1, is owned by John T. Muir and trained by Homer Selby, a brother of Kid McCoy, the pugilist. There was an attempted killing with the Newcastle Stable's Momentum, a colt by Sorcerer—Balance II., in this event, as he was played from 10 down to 4.

It was impossible to give Sahara away when the speculators put the checks down in the third race, the Keene filly going from 7 to 2 up to 8. Giovanni Balerio was a well played first choice, but his odds remained at 3 because of a plunge on G. F. Vingut's Tomahawk, a son of Locohatchee-Compasson, who had set the track on fire in his speedy trials. This fellow was backed from 50 to 1 down to 5 and, with Horner up, those who had the tip were ready to line up behind the books before the field went to the post. But like many other good things framed up in a similar way, Tomahawk came to grief. Just as he reached the head of the stretch he bolted for the outer rail, and as he crashed into the fence he threw Horner sprawling on his face in a mud puddle. The boy was unhurt and the horse was led back to the scales, while the persons who dropped their coin wrung their hands and cried out in lamentation. Though Chandos, the second horse, ran well on a heavy track the last time out, he was negand so was Iolanda, who warmed up in wild fashion but did not run a lick in the

The policy of the tight fisted bookmakers who keep clear of big money when an odds on favorite is concerned was shown in the pulation on the Maiden Stakes. Senarun only once before, was the favorite. The layers put up 4 to 5, and several busy commismers hustled up and down the line offering bets of \$1,000 at a clip. Few of the layers would like such money, while others turned their slates when bets of \$250 were offered.

As a result few heavy bets were placed, the books preparing to do business with the small fry. Dave Johnson had \$100 three ways his colt Tim O'Toole, who ran second to ster. BILLIARDS.

Schaefer Challenges Hoppe for 18:1 Cham plouship-Cure Outplays the Youngster.

Jake Schaefer has challenged William Hoppe, the champion at 18:1 balk line, for the trophy and title at that style of game. The Wizard's challenge, accompanied by a forfeit of \$250, was received by the B. B. C. Co. yesterday. It is probable that the match will be played next October. If Schaefer insists, the game must be played within sixty days, as called for by the conditions, but it is under-stood that Schaefer as well as Hoppe would prefer to wait until fall and cool weather.

There is talk of changing the rules to make champion matches at 18:1 400 points long instead of 500 as at present. Five hundred points, it is argued, makes too long a game when 18:1 is played, but there might be oppo-

when 18:1 is played, but there might be opposition to the change.

George Sutten has rechallenged George Slosson for the 18:2 championship. When Sutton challenged before it was in the course of the 18:2 tournament in the Garden, and at that time it was no sure thing that Sutton would not win the tournament himself. In order that there may be no question as to the propriety of the challenge, Sutton has made it over again, his previous forteit remaining up. This match, too, will be played in the fall, maybe in September, though October was first agreed on.

At Hoppe's room last night the winner of the recent 18:2 tournament in Chicago began a 3,600 point contest at 18:2 with Louis Cure. Hoppe showed fine form in the Chicago tourney, and there was a big crowd on hand to see him tackle the Frenchman. The latter played better billiards than the youth in the first block of points and won by a score of 400 to 245. The winner finished strong, with successive breaks of 45, 64, and 57. The contest will be resumed this afternoon. The score:

Cure—1, 0, 6, 20, 5, 46, 38, 40, 1, 38, 49, 1, 46, 64, 57, 10 and 400. Average, 26 10-15. High runs, 64, 67, 49.

HARVARD SLIGHT TO QUAKERS Seut on a Postal Card.

PHILADELPHIA, May 14.-It leaked out to-day that Harvard's refusal to play football with the University of Pennsylvania had been sent couched in the curtest of terms and upon a plain penny postal card. As a result of what is considered here a deliberate insult up in arms, and every relation with Harvard. social as well as athletic, is likely to be severed.
While the student body ascribes the discourtesy to the enmity of Czar Bill Reid, head coach of Harvard, the athletic committee points out the fact that the names of the Harvard athletic committee were of the Harvard athletic committee were signed to the postal and that the slight must have been with their full knowledge.

The postal was received by Dr. Edgar F. Smith, assistant provost. "We discontinue the football games with the University of Pennsylvania so that our football schedule may be lightened," it read.

The university as a body will take no action on this," said Dr. Smith. "We feel that the insuit will react more on Harvard than on us."

It was said to-night by members of the athletic committee, however, that action will be taken. Representations will be made to other colleges among other things.

Harvard's action is ascribed here to pique, upon being whipped so frequently by Pennsylvania.

LAWN TENNIS.

Wet Courts Stop Davis Cup Team From Practice. Owing to the rain there was no lawn tennis

play by the Davis oup team quartet yester-day at the Crescent A. C. courts. An attempt will be made to rush all the play into two days beginning to-day, as the team members must sail next Friday.

It was learned yesterday that it is unlikely that Kreigh Collins will make the trip to the other side with the international team. Mr. Collins has not been feeling very well this season and has come to the conclusion that it would be well nigh impossible for him to get into shape to acquit himself creditably to the country and to his own reputation. His withdrawal will be a source of regret to the tennis following, and it is considered a very sportsmanlike act on his part to choose to stay at home rather than go abroad at an expense to the committee without hope of really accomplishing anything. The team will proceed with but three men, Ward, Wright and Little.

A private communication from the other side says that the council met recently and decided that the challenge round for the Davis cup should be played June 15, 16 and 18, 1t was decided to hold the doubles matches on the first day, instead of at the end, as formerly. The annual meeting of the Hackens Golf Club will be held to-night and the fol-lowing ticket has been named by the neminating committee: President, F. R. Long; vice-president, W. D. Moffat; treasurer, G. M. Van Dewster; secretary, Cornelius Blauvelt; governors (two years), H. Myers Bogert, G. M. Johnson, Theodore Boettger and W. H. Watt. Nine of the greens have been sodded and the rainy spring has helped to improve them, so that the full 5,500 yard course will be ready for Decoration Day. Two of the holes are of 500 yards and one of 473 yards, while the brook, which is crossed four times, is one of the finest natural hazards to be found in the country. The club plays right through the summer without a break. The schedule gives competitions for the men on every Saturday and holiday until November, with competitions for the women every Wednesday.

Boston's team entry for the interscholastic tournament at Garden City did not materialize yesterday as expected, but Birlos Evans, president of the Boston Interscholastic Goif Association, who reached the semi-dnal last year, sent his entry. Lawrenceville and St. Paul's are the only team entries received. Lawrenceville will play H. Legg. Minnesota State champion; J. Johnson, A. Morse and R. Burn. Additional entries from outside schools are Arthur Birol and Edward Deane, Dwight; G. Bonner, L. P. Gwyer and R. Dula, Packer Commercial; G. F. Kohier, Stevens, Roy D. Webb, Collegiate; F. C. Williams, Woodbridge; Colton Settle, Newark High, and Demarcet Lamson, Newark Academy. St. Paul's entries are D. McKellar, W. Blandy, C. A. Dunning, Victor Seggerman, R. Rowe, C. E. Knowles, C. E. Gardiner and H. Semple. In all there were twenty-three entries to last night, a good total in view of the schoolboys being now taking college examinations and unable to get away from their desks.

CASTLEMAN IS ELIGIBLE. Gustavus T. Kirby Says A. A. U Ruling

Does Not Affect Collegiate Sport. Frank Castleman, the Colgate University hurdler and sprinter, is eligible for the intercollegiate championships, according to a state-ment made by Gustavus T. Kirby, chairman of the advisory committee of the I. C. . A. A. A. yesterday. Although Castleman is under sentence of suspension meted out by a special commission for the A. A. U., of which Mr. Kirby was chairman, it is stated that the A. A. U. decision has nothing to do with the case in the intercollegiate meet. Mr. Kirby did not volunteer this as an opinion, but made a definite statement that such was the law the case, and as long as Castleman was not suspended as being a professional there was no reason why he could not start in the

intercollegiate championships.

The suspension against Castlemen on the part of the A. A. U. was done because part of the A. A. U. was done because he com-peted in games where prizes not suitably in-scribed were offered and in meetings not sanotioned by the A. A. U. There being nothing in the laws of the college governing body to make it carry out a ruling of this kind to operate a gainst college athletes, there is no objection to Castleman, who is suspended by the A. A. U., being eligible for the college the unionships.

by the A.A. U., being eligible for the college championships.

Mr. Kirby was asked whether the articles of alliance between the A.A. U. and I. C. A.A. A. A. din not operate so as to require the suspension of Castleman equally by the college body. He was of the opinion that they did not act in this way. The offence charged against the Colgate hurdler is not one that the collage authorities recognize and they therefore do not feel themselves bound to carry out the penalty against the athlete.

and they therefore do not feel themselves bound to carry out the penalty against the athlete.

The ruling to reinstate Castleman in the championships will affect the result of the point competition, according to the view of the experts. He is an exceptional hurdler and in some quarters has been picked to win both hurdle races. He won the low hurdles and was second over the high ones last season. This year if he should perform successfully in both he will help to decrease the point total of the wilner, which at this time is prognosticated as Pennsylvania. Castleman was suspended by the A. A. U. in July, 1905, as having played summer baseball for recompense in the Adirondacks. This charge was afterward declared not proven and suspension was continued on new charges. These since have been reviewed and it has been decided that he should be reinstated anyhow after to-day should he apply for a new registration. Announcement as to this application is expected to be made to-day by the registration committee.

IROLITA GETTING READY.

Commodore Clark's New Boat to Race With Effort, Neola and Weetamoe. The new sloop yacht Irolita II., built a Herreshoff's for Commodore E. Walter Clark of the Philadelphia Yacht Club, was launched on Saturday afternoon at Bristol. Com-modore Clark was present at the launching. on Saturday afterhoof at Distoit. Commodore Clark was present at the launching. As soon as she was in the water the mast was stepped, and the riggers are at work now getting the yacht in shape. Her sails are all ready and she will have a trial trip next week. This yacht will race against the new Effort, built for F. M. Smith: the Weetamoe and the Neola, and this class will be one of the most interesting of the season's sport. The yacht is 88 feet over all, 65 feet on the water line, 18 feet beam and will spread about 5,100 square feet of canvas. Her length, or L, according to the measurement rule, will be 58, so that she will rate well into her class, and it is probable will have to allow time to the Effort. The Irolita is of composite build, with steel frames and yellow pine planking. She has a lead keel and a centreboard. It has been said that she is intended for cruising only, but Commodore Clark has already made arrangements for some races, and yachtsmen say that Herreshoff would not have given the yacht so much power if she were only a cruiser. She has fine accommodations below and will be a comfortable vessel under all conditions of weather.

Crescent A. C.'s First Yacht Bace.

The Crescent Athletic Club will hold its first yacht race next Saturday afternoon. The contest will be for the one design class of dories of which there are now eleven owned of dories of which there are now eleven owned by members and these boats will race for a trophy offered by Charles J. McDermott, the chairman of the athletic committee. As this is the first yacht race in the history of the club there is keen rivalry among the dory owners to capture the prize, which has been appropriately engraved. The race will be started off the Bay Ridge house at 3:30 o'clock, and the dories will sail over a triangular course of four miles in length. The first mark will be a buoy off Tompkinsville and the second off Fort Wadsworth. There will be no lacrosse game at Bay Ridge next Saturday, and it is expected that the crowd that usually visits the clubhouse and grounds on Saturdays will pay attention to the yacht race. After this contest a series of races for the dories will be sailed and on June 30 the first annual regatta of the club will be asiled on the lower bay. This regatta will be for alf classes, and the chief contest will be the race for yachts of the 27 foot class for the \$100 cup given by J. B. O'Dozchus.

SEW YORK (N. L.), 6, CINCINYATI, 8.

CINCINNATI, May 14—After eight limings of nerve racking baseball in which neither team could gare any marked advantage, twerail weakened in the ninth and five New Yorkers rushed over the glate with enough runs to vin the game. The Reds also get after Mathewson in their final try, but were a few fallies shy when the game ended. Mathewson was hit fairly often, but a Judicious passing of dangerous batemen like Seymour and Barrett helped him through critical points. It was the fifth inning before New York scored the first run of the game. Deviin singled to left and tried for second on a named ball, and he was called out, then Johnstone changed his mind. Gifbert singlet and on Bowerman's force out Devlin scored. The Reds tied in the seventh. With two out Barry singled to right, on which Kelley was caught at the plate by some clever blocking by Devinn, which was missed by the umpires. The ninth laning swaffest was made up of singles by Donlin, Dahlen, Gilbert and Bowerman, passes to Devlin, Mathewson, Bresnahan and Browne, and a sacrifice by Mertes.

The pass to Browne forced in a run. The score: NEW YORK (N. L.), 6; CINCINNATI, S.

Games Scheduled for To-day.

Griffith, Elberfeld and Hurst Suspended. An outcome of the scrap on the field at American League Park last week between Manager Griffith and Umpire Tim Hurst is the suspension of those two men by President Johnson of the American League. Each has been set down for five days. Word to that effect was received here yesterday. This is not all. Elberfeld, the shortstop of the local team, has been suspended for three days. team, has been suspended for three days. The Kid was put out of a game last week by Umpire Evans, and for this, presumably, he has been disciplined. Elberfeld has been Griffith's first assistant in directing the team on the field, and now a temporary leader will have to be dug up. With Williams out of the game and Laporte at second and Moriarity at third, it is likely that Conroy will be brought in to play short, provided Hofman is in shape to go to centrefield. If not, Yeager will understudy Elberfeld at short. Dan McGann, first baseman of the New York Nationals, also is feeling the hand of discipline. It was announced in Cincinnati yesterday that he had been suspended indefinitely by President Pulliam. McGann was, bounced from last Saturday's game by Umpire Johnstone. Only a short time previously he was suspended for three days for kicking at the umpire in Boston, Conway being the complainant on that occasion.

Luckenback, are rigged and ready for their trials. They were launched from the Milton Point shipyard last week and it was expected that they would have trials on Sunday, but it blew too hard and it was not thought advisable to take the yachts out. They were at anchor off the American Yacht Club house all day and had to remain at anchor yesterday because of the rain. They are both handsome yachts and show well the work that Designer Gielow has put on them. It is expected that they will be fast, and with the Jigstep, which is fitting out at Bay Shore, L. I. will furnish some fine racing this season on the lower bay. The Crescent and the Sue will be taken to the lower bay some time this
